## BS Series Hand Pallet Trucks

*Bishamon BS series hand pallet trucks are premium trucks that set the standard for quality, durability and ease of use. They are available in three capacities and a variety of fork configurations.*

### Standard Features

- Ergonomic three position hand lever controls lift, lower and neutral functions with the handle in any position
- Handle swivels through 210 degrees
- Steering head and hydraulic assembly use quality, low-friction thrust bearings
- High quality polyurethane wheels and load rollers provide superior rollability and durability

- Premium quality ball bearings in all wheels and load rollers
- Rugged construction, with high strength steel and continuous welds
- One piece formed forks add strength and durability
- Additional fork reinforcement plate provides extra strength to keep forks parallel
- Durable formed steel entry slide guides truck into pallets and diverts debris

- Solid steel, non-adjustable push rods increase durability
- High capacity (6,500 lb model) has dual load rollers in each fork
- Hydraulic assembly and frame are completely rebuildable
- Quality baked enamel finish
